RETROJET K3DF Direct to Fabric | Dye Sublimation series

Print Speed (Sq. ft per hour)	**2 Head:** 600, 800 **3 Head:** 600, 800 (penetration agent configuration) **4 Head:** 1150, 1800	**Print Process**	Direct to Fabric - Dye Sublimation
Technology	Kyocera		

RETROJET R3-S Solvent series

Print Speed (Sq. ft per hour)	**Normal Mode:** 700 **High Speed:** 1000 **Billboard:** 1500		**Print Process**	High Density Mild Solvent	
Technology	Ricoh	**Max. print width**	3.2M / 10ft 8 inches	**Media Materials**	Banner and PSF
Weight	4000 lbs / 1814 kgs	**Power Supply**	12 KVA (60A)	**Dimensions**	67”H x 36”W x 228” L
Electrical Requirements	208V / 240V single phase 50/60 Hz				

Accessories (Included)	Internal and external dryer
Supported Platforms	Microsoft Windows, Apple Macintosh, Linux
Processors	8 Core i7 (SSD - increased processing speed and stabilty)
Interpreter	Custom - Digitech USA Software
Network	10/100/1000 Mbit/sec Ethernet
Protocols	Ethertalk and TCP/IP
Monitor	420mm (17 inch) LCD Flat panel Display
Operator Console	Adjustable shelf with keyboard, mouse and monitor
Input Formats	Adobe Postscript Level 3, Pdf, Jpeg, Tiff, Eps, RGB
Rips	Rips (not included) Caldera, ErgoSoft, Onyx
Compressed Air	80 PSI minimum - 100 PSI maximum with a 10 gallon (40 liter tank) 5 cfm peak
Inks	K3 DF Aqueous base dye sublimation / R3-S Mild solvent base
Environment	Enclosed dust free room with ambient temperatures ranging from 20ºC - 23ºC (68ºF - 73ºF) Relative Humidity 40% to 55% to operate at optimum level (Environment is critical for the printer)
Warranty	1 year warranty on parts and labor (*excludes print heads and travel expenses) with the use of Digitech original inks and parts
Services	Online technical support: 8am – 6pm (eastern standard) Monday-Friday Fully qualified service engineers available onsite nationwide Telephone: (USA) 210 545 6000
